Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Burlington Township Sludge Dewatering Project in fiscal year 2024. The entity to receive funding for this project is Township of Burlington, located at 851 Old York Road, Burlington Township, NJ 08016.

The funding would be used to install dewatering equipment to lower the liquid content of sludge produced by the Township of Burlington's Wastewater Treatment Plant which is a local wastewater infrastructure project. With the improvements proposed in this project there will be substantial environmental and economic benefits.

The project is an appropriate use of taxpayer funds because it will help maintain Safe Drinking Water Act standards, improve the water quality for residents and businesses in the region, as well as expand Burlington Townships treatment capacity.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Andy Kim
Member of Congress
